

Step-By-Step-Story is available exclusively for iPhone and iPad, on the Apple App Store.

A new two-player, turn-based game that lets friends write stories together, one section at a time, wherever they are.

MELBOURNE – February 1st, 2015 – Available today on the Apple App Store is Version 1.1 of [Step-By-Step-Story](#), the debut app from Melbourne-based PrezHerm Productions. A new twist on the classic 'chain story' idea, this is a two player social game for anyone who loves writing. Invite a friend to write a story with you, write the first section, hit “SEND”, and you're away, each taking turns to add one section to the story.

There's no limit to how long each text contribution can be, and no limit to how many co-authored stories you can be writing simultaneously. Once your stories are finished, they stay on the app, but you can also access them online, by logging in to the [Step-By-Step-Story Stories Library](#), at www.step-by-step-story.com

[Step-By-Step-Story](#) is now available for iPhone and iPad in the Apple [App Store](#), for \$1.99. (AU)

A discount is available for educational institution customers, and **PrezHerm Productions will be donating a percentage of all profits to [The World Literacy Foundation](#).**

[Step-By-Step-Story](#) is the first app for PrezHerm Productions, a Melbourne-based company that's the brainchild of writer / actor / quiz show champion Stephen Hall and IT dude Tim Presland.
